*Delhi, the 3rd April 1926.*

*No. 260-T. (64).*—The attention of the Tariff Board is drawn to the fact that the Steel Industry (Protection) Act, 1924, will expire on the 31st of March 1927, and it is requested to re-examine the measure of protection afforded to the various articles covered by the Act and by Act VIII of 1926. It will report in respect of each class of article whether it is still necessary to continue protection, and if so, whether the measure of protection now given should be increased or diminished or whether the form of the protection given should be altered. In making its recommendations, the Tariff Board will take all relevant considerations into acoount, including that stated in part (*b*) of the resolution adopted by the Legislative Assembly on the 16th February 1923, and if it thinks that in any case the assistance required can most suitably take the form of bounties, the source from which the money for the bounties can be obtained should be discussed. In dealing with the Tinplate industry, the Board will bear in mind its own observations in paragraph 31 of Chapter IV of the second portion of its First Report. The Board will also be at liberty to examine the claims for protection of industries making steel products which do not come within the scope of the present Act and to report whether having regard to the principles laid down in paragraph 97 of the Report of the Indian Fiscal Commission, such claims should be admitted.

2. Firms and persons interested in the steel industry or industries dependent on the use of steel, who desire that their views should be considered by the Tariff Board, should address their representations to the Secretary to the Board.

3. The Government of India are specially anxious that the Tariff Board's report should be submitted not later than 15th October 1926.

ORDER.—Ordered that a copy of the above resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Director-General of Commercial Intelligence and Statistics, the Indian Trade Commissioner in London and to the Secretary, Tariff Board.

Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province. The candidate from Manipur will be nominated by the Manipur State.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

| | Rs. |
|---|---|
| Admission fee ... ... ... ... | 25 |
| Fees for Summer term ... ... ... | 100 |
| Athletic Club fee ... ... ... ... | 4 |
| Total ... | 129 |

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans One candidate will be nominated by the Director of Public Instruction, Central Provinces, six candidates by the Inspector-General, Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. One candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 200 for the year in which they hold such scholarships. Under the terms of paragraph 12 of Schedule II of the Bengal Electoral Rules, a person is qualified as an elector for the Dacca University constituency who (1) has a place of residence in Bengal and is a member of the Court or a registered graduate of the University, or (2) has a place of residence in the Dacca Division or in the Chittagong Division, is a registered graduate of some other University and would have been qualified to be registered as a graduate of Dacca University but for the fact that, before the 1st April 1920, he had been registered as a graduate of that other University. **Audit Report on the Howrah Bridge Accounts for 1924-25.**

The accounts of the receipts and expenditure of the Howrah Bridge for the year 1924-25 have been test audited and examined under our supervision. The Balance Sheet has been checked.

A sum of Rs. 19,183-14-6 was paid during the year for screwing the test pile for the new Howrah Bridge. Of this expenditure a sum of Rs. 10,076 was taken against the savings from the Government grant of Rs. 91,251 made for trial borings for the new bridge and the balance was to have been met from the existing Howrah Bridge Fund. In the accounts this expenditure has been charged to the Revenue Reserve Fund. The preliminary expenses for the new Howrah Bridge shown in the Balance Sheet should really be Rs. 1,63,250-9-8 instead of Rs. 1,54,142-11-2.

The question of the proper incidence of the interest on account of advances made to the new Howrah Bridge which was raised in the last audit report does not appear to have been finally settled yet.

It is noticed that the cost of the repairs to *Buckland* (Rs. 25,740) has this year also considerably exceeded the sanctioned grant (Rs. 7,000).

## RESOLUTION ON THE REPORT ON THE WORKING OF THE CO-OPERATIVE SOCIETIES IN BENGAL FOR THE YEAR ENDING 30TH JUNE 1925.

### GOVERNMENT OF BENGAL.

#### AGRICULTURE AND INDUSTRIES.

#### Co-operative.

DARJEELING, THE 12TH APRIL 1926.

RESOLUTION—2T.—A.I.

READ—

The report on the working of the Co-operative Societies in Bengal for the year ending 30th June 1925.

**Administration.**—Mr. M. Thorp, I.C.S., officiated as Registrar till the 19th November 1924, when Rai J. M. Mitra Bahadur relieved him on the termination of his duties in connection with the Bengal Court of the British Empire

Exhibition. There was no alteration in the strength of the superior controlling staff of the department, which has reached the requisite standard of a Registrar and five Assistant Registrars. The want of separate office establishments for the Assistant Registrars, Chittagong and Burdwan Divisions, has necessitated the fixing of the headquarters of these officers at Dacca and Calcutta respectively. The entertainment of the requisite office staff for these two divisions has been administratively approved, and it is hoped that it will be possible to provide funds for this purpose in the near future. During the year of report, the posts of inspectors and divisional and chief auditors were placed on a permanent basis, and their pay was substantially raised. Eleven additional posts of auditors were sanctioned, and a scheme for further strengthening this staff has been approved, subject to the provision of funds.

**General progress of the movement.**—The advance noticed in the preceding year was maintained during the year under review. The number of societies of all classes rose form 9,342 to 11,081 and membership from 340,159 to 386,050. The number of societies increased by 18·3 per cent. against an increase of 19·4 per cent. in the preceding year and 17·1 per cent. in the year previous. The increase in membership was 13·4 per cent against 16·1 per cent. in the preceding year and 12·6 per cent. in the year previous. The total working capital increased from 5·07 crores to 6 18 crores and by 21·8 per cent. against 17 07 per cent. in the preceding year and 17·6 per cent. in the year previous. Excluding the items which are counted more than once as a result of the separate treatment of the funds of the central and primary societies, the actual cash employed in the movement increased from 3·32 crores to 3·98 crores, while the amount contributed by the societies and members rose from 1·56 crores to 1·81 crores. The substantial increase in the resources available for the movement is a pleasing feature of the year's work.

### I. PRIMARY SOCIETIES.

#### (a) Agricultural Societies.

(*i*) **Credit Societies.**—The work of these societies showed a marked improvement during the year of report. The collections amounted to 62·71 lakhs, being about 24 lakhs more than in the preceding year, and were the best in the quinquennium. The overdues declined from 51·78 lakhs to 49·26 lakhs, or 28·3 per cent. of the amount outstanding at the end of the year under review. Government trust that there will be no relaxation of the efforts to further reduce the overdues which are still substantial enough to constitute a possible source of danger to the movement.

(*ii*) **Agricultural purchase and purchase and sale societies.**—The number of these societies rose from 22 to 33 and their membership from 4,141 to 5,337, but their total working capital fell from Rs. 1,56,161 to Rs. 94,419. This is ascribed to a reduction in the working capital of the Sundarbans Supply and Sale Society which repaid a part of its liabilities and had at the same time a brisk business, with the result that it had a larger profit. The total profits earned by all the societies of this class amounted to Rs. 17,761 against Rs. 3,620 in the preceding year. To ensure the stability and satisfactory working of this class of societies, it is necessary that the volume of their business in connection with the supply of agricultural and household requisites should be more fully developed. With a view to assisting the paddy sale societies to effect the most advantageous disposal of their stock, a scheme has received the administrative approval of Government, under which a central godown for the purpose will be started in Calcutta by the Bengal Co-operative Organisation Society, Limited, which will receive from Government an amount equivalent to the cost of the godown for the first three years. The scheme also contemplates the provision by Government of adequate supervising staff for a

small number of paddy and jute sale societies in their initial stages and the grant of financial assistance to them in the shape of loans for the provision of storage accommodation. Provision for the purpose has been made in the next year's budget, and when the scheme is introduced, it should prove of considerable assistance to the development of societies of this class.

(*iii*) **Irrigation societies.**—The total number of these societies rose from 173 to 268, membership from 7,376 to 10,368, and working capital from Rs. 1,29,598 to Rs. 1,90 124. Of these three are in Burdwan, four in Hooghly, one in Midnapore, one in Faridpur, and one in Bogra. Most of the societies are in the Bankura and Birbhum districts. In Bankura there are 142 societies with a total irrigable area of 30,507 bighas against 107 societies with a total irrigable area of 25,559 in the preceding year. In Birbhum there are 116 societies with an irrigable area of 15,502 against 58 societies with an irrigable area of 9,708 in the preceding year. All the schemes initiated and executed during the year in Bankura were Tank schemes, while only one new Stream scheme initiated in Birbhum during the year still remains in the preliminary stage.

(*iv*) **Co-operative agricultural associations.**—Although these associations increased in number from 16 to 20, their working does not show any marked success. Government consider that these associations, if conducted on right lines, will greatly assist the cause of agricultural progress and trust that the Registrar will devote his special attention to guiding them in their work.

(*v*) **Production and sale societies.—Milk societies.**—The number of these societies rose from 54 to 63 and their membership from 2.155 to 2,909. Fifty-six of these societies have already been able to achieve financial independence, while the production of milk per member has nearly doubled in three years' time. The average yield of milk per society rose from 26·9 seers to 52·7 seers a day during the triennium. These societies are all affiliated to the Calcutta Milk Union. The union realised Rs. 2,47,988 by the sale of milk during the year. It is satisfactory to note that the union has, during the year of report, enlisted the support of the Calcutta Corporation in the form of a loan and a subsidy to enable it to expand its work which has an important bearing of the improvement of the milk supply and public health of Calcutta.

(*vi*) **The Naogaon Ganja Cultivators' Co-operative Society, Ltd.**—This society continued to prosper during the year under review and contributed generously towards numerous works of public utility in the locality.

(*b*) **Non-agricultural societies.**—The non-agricultural credit societies continued to do useful work, while the working of the stores and supply societies showed little improvement. The Calcutta Swadeshi Co operative Stores, Limited, which was the largest society of the latter class, was liquidated during the year of report. Government agree with the Registrar that in order to rehabilitate the stores movement, it is necessary that the members should be required to subscribe larger share capital and to take upon themselves greater liability. The Registrar's scheme for the establishment of a central sale depot for industrial societies is being awaited. In connection with this scheme it should be considered whether the stores cannot utilise the agency of this organisation, when started, for making their purchases economically.

The eight conch-shell workers' societies in the town of Dacca made satisfactory progress during the year. A braziers' society was started in Brahmanbaria during the year and worked at a small profit. This society has been granted a loan of Rs. 7,000 by Government. There was a marked expansion of weavers' societies during the year. An interesting development was the organisation during the year of a society at Dopukuria in Murshidabad for reeling silk in filature. A loan of Rs. 4,000 has been granted to this society by Government.

### II. CENTRAL SOCIETIES.

(*i*) **Industrial unions.**—These unions increased from 6 to 8. The Dacca Union made very satisfactory progress during the year of report and is now the most prosperous society of this class.

(*ii*) **Central banks.**—There were three additions to the number of central banks, which stood at 91 at the end of the year under review. The total number of societies affiliated to these banks rose from 8,289 to 9,746, paid-up share capital from 21·54 lakhs to 25·29 lakhs, reserve funds from 9·47 lakhs to 11·41 lakhs, and their working capital from 1·75 crores to 2·05 crores. The total collections from societies amounted to 85·47 lakhs and were better by 32·16 lakhs than the repayments in the preceding year. It is satisfactory to note that the central banks generally maintained sufficient fluid resources and continued to work satisfactorily, although many of them have still to realize the necessity of maintaining an adequate staff for the transaction of their business.

(*iii*) **The Bengal Provincial Co-operative Bank, Limited.**—This apex bank continued to do excellent work. Its membership increased from 109 to 122, share capital from 4·57 lakhs to 5·48 lakhs, reserve and other funds from 1·03 lakhs to 1·13 lakhs, and the total working capital from 36·77 lakhs to 61·29 lakhs. The bank retained the great public confidence which it had already acquired and was able to meet fully the requirements of its constituent societies in the shape of loans. It had a turn-over of 2·41 crores during the year and earned a profit of Rs. 69,646.

(*iv*) **The Calcutta Central Co-operative Anti-malarial Society, Limited.**—There was an expansion of this section of the movement during the year under report. Several anti-malarial societies in the district of the 24-Parganas, with the help of local donations and contributions collected by them and supplemented by advances from the Central Anti-malarial Society, sunk tube-wells with a view to providing a supply of pure drinking water. The cost involved is not large, and an extension of work in this direction will be of considerable assistance in solving the difficult problem of water supply in rural areas.

(*v*) **The Bengal Co-operative Organisation Society.**—This society continued to bring out the two periodicals. Its reorganisation has been effected since the close of the year under review. It has now been so reconstituted as to enable its development into a federation of the registered co-operative societies in the province charged with the duty of publicity and propaganda. organisation and supervision. The annual grant to this society has been augmented by Rs. 7,000. The development of the society will be watched with interest.

The Governor in Council notes with pleasure the increasing public interest which is being evinced in the development of the co-operative movement in the province and takes this opportunity of acknowledging the valuable assistance rendered to the movement by various non-official gentlemen as well as by the district and subdivisional officers mentioned by the Registrar. The thanks of Government are also due to Mr. M. Thorp and Rai J. M. Mitra Bahadur for their efficient administration of the department during the year of report.

By order of the Governor in Council,

G. P. HOGG,

*Secretary to the Government of Bengal (offg.).*

CLASS II.

For vessels of Class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting remainder of less than 500 maunds. In the case of steamers and motor boats, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C) of 1864 and of these rules, be determined by the following measurements :—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. 4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

### Rules for the guidance of students seeking admission.

1. Two classes of students are submitted for study in the College :—

(*b*) "Military class" (only students of European or Anglo-Indian parentage are admitted to this class). (*See* separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (*a*) "Regular class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz, in English, Physics, Chemistry and Botany.

3. The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on 5th October and closes on the 31st March.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office on or before the 25th May, together with a fee of Rs. 4, which will not be refunded on any account except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province. The candidate from Manipur will be nominated by the Manipur State.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

| | Rs. |
|---|---|
| Admission fee ... ... ... ... | 25 |
| Fees for Summer term ... ... ... | 100 |
| Athletic Club fee ... ... ... ... | 4 |
| Total ... | 129 |

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, six candidates by the Inspector-General, Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. One candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 100 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

| | Rs. |
|---|---|
| For one subject ... ... ... ... ... | 25 |
| For two subjects ... ... ... ... ... | 50 |
| For three or more subjects ... ... ... ... | 75 |

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 200 for the year in which they hold such scholarships. (*2*) Where the nett value of the property exceeds the sum of five thousand rupees, the widow shall be entitled to five thousand rupees thereof and shall have a charge upon the whole of such property for such sum of five thousand rupees, with interest thereon from the date of the death of the intestate at 4 per cent. per annum until payment.

(*3*) The provision for the widow made by this section shall be in addition and without prejudice to her interest and share in the residue of the estate of such intestate remaining after payment of the said sum of five thousand rupees, with interest as aforesaid in the same way as if such residue had been the whole of such intestate's property.

(*4*) The nett value of the property shall be ascertained by deducting from the gross value thereof all debts and all funeral and administration expenses of the intestate, and all other lawful liabilities and charges to which the property shall be subject.

(*5*) This section shall not apply—

(*a*) to the property of any Indian Christian ;
(*b*) unless the deceased dies intestate in respect of all his property."

---

## STATEMENT OF OBJECTS AND REASONS.

When the first Indian Succession Act was passed in the year 1865, under the English law as it then existed, a widow in the case of the intestacy of her husband, where there were no lineal descendants, took one-half of his property if there were kindred. This is the rule contained in section 27 of the Indian Succession Act, 1865, now reproduced in section 33 of the Act of 1925. By the Intestates Estates Act, 1890 (53 and 54 Vic., cap. 29), the law was altered and the whole estate went to the widow if it did not exceed in value £500 and the intestate left no lineal descendants. Furthermore, in any case where there were no lineal descendants on such an intestacy even if the property exceeded £500 in value, the widow was given a charge on the whole property up to £500. In connection with the Bill to consolidate the law relating to succession which has since been passed attention was drawn to the difference between the law in England and in India. The Bengal Chamber of Commerce, the Solicitor to the Government of Bengal and the Administrator-General all consider that there is a case for amendment. The present Bill adopts the more liberal rule of the English law. It only need be added that, in view of section 35 which provides that a husband surviving his wife has the same rights in respect of her property on her intestacy as she has on his, it will confer the same benefits on the widower as the Bill expressly confers on the widow. It is suggested there is no ground for differentiation, and this result is in accordance with the general tenor of the Indian Act.

## STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to provide for the employment of Indian tonnage in the coastal traffic of British India and of the Continent of India. This Bill is intended to serve as a powerful aid to the rapid development of an Indian Merchant Marine. Several attempts made in this direction in the past have all practically failed, owing, it is believed, to the existence of powerful non-Indian interests in the coasting trade of India. There can be no doubt that the growth of an Indian Merchant Marine would prove a powerful factor in the employment of Indian talent and the further extension of Indian trade in various directions in a manner calculated to advance the national interests of India.

(*a*) pay or allow or enter into any combination, agreement or understanding, express or implied, to pay or allow a deferred rebate to any shipper ;

Penalties.

**8.** Whoever violates any provision of any section of this Act, or refuses or fails to carry out the orders of the Governor General in Council, shall be liable to a penalty of a fine of not less than ten thousand rupees, or simple imprisonment to a term of not less than six months, or both.

---

## STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to remove some of the main obstacles that lie in the way of the devolopment of an Indian Merchant Marine. They mainly consist of methods whereby a shipper is practically bound to confine all his shipments to vessels belonging to a particular shipping company or to the member of a shipping conference. Not merely is the freedom of the shipper to ship his goods by any vessel he may choose thus destroyed, but the progress of trade along desirable channels is also checked. A "disloyal" shipper is penalised by (*a*) refusal of space ; (*b*) discrimination in the contract of freight ; (*c*) the loading and landing of freight ; (*d*) the adjustment and settlement of claims and various other discriminatory methods. It is the purpose of this Bill to do away with such practices so that an Indian Merchant Marine may grow unhampered.

"(2) A document otherwise duly presented and registered under this Act shall not be deemed invalid expect on the ground that the whole or some portion of the property to which the document relates has not been shown to exist within the district or sub-district where such document has been presented for registration."

---

## STATEMENT OF OBJECTS AND REASONS.

Under section 28 of the Indian Registration Act, 1908, documents referred to therein have to be presented for registration in the office of the Sub-Registrar within whose sub-district the whole or some portion of the property to which such document relates is situate. In a case that came up for decision in 1914 the Privy Council held that a

parcel of land included in a mortgage deed for the purpose of registering the same in the registration district of Calcutta was not in existence and that it was in fact a fictitious entry. It was therefore held that the registration of the deed was invalid (I. L. R. 41 Calcutta 972). On account of some of the observations made by the Privy Council in this case various pleas for invalidating the registration of documents have been taken in the Courts of law and the principle of the decision of the Privy Council in 41 Calcutta 972 has been unduly extended. (1) Where the property which gave jurisdiction to the Sub-Registrar was in existence but the mortgagor had no title to it and the mortgagee had no knowledge of this fact and there was no collution between the mortgagor and mortgagee, it was held that the registration of the document was not invalid (I. L R. 41 Allahabad 22). (2) Where the property existed but did not belong to the executant and where it was found that neither the vendor nor the vendee intended that the property so included should be affected by the deed, it was held that the deed was not validly registered (I. L. R. 43 Madras 436, and I. L. R. 48 Calcutta 509). (3) Where the mortgagee knew that the property which gave jurisdiction to the Sub-Registrar did not belong to the executant it was held that such knowledge would invalidate the registration of the document [A. R. Allahabad Series 231 (1922)]. (4) Where the property which formed the subject-matter of a document was situated partly in Benares and partly elsewhere and it transpired that the transferor had no title to the property situated in Benares where the document was registered, it was held that the registration was valid as the transferor was acting in a perfectly *bonâ fide* manner (4 Patna L. J. 432). Various other distinctions to which it is unnecessary to refer at length have been drawn in the decided cases. A fruitful source of uncertainty in regard to titles has thus been introduced by the decisions of the Privy Council and of the High Courts in India which requires the intervention of the Legislature. Before the Privy Council decision in I. L. R. 41, Calcutta 972, the inclusion in a document of a few cents of land for purposes of registration was a common practice in some parts of the country and the decisions abovementioned are a direct inducement to litigants to set up these pleas. It is therefore proposed in the Bill that except in the case where the property included in the document for conferring jurisdiction to the Sub-Registrar is not in existence, a document duly registered should not be declared invalid.

2. The present procedure in regard to inquiries relating to wills and authorities to adopt is two cumbrous and dilatory. Under the provisions of the Registration Act, 1908, inquiries into the genuineness or otherwise of wills and authorities to adopt can be made by a Sub-Registrar or a Registrar. If a will is presented for registration to a Sub-Registrar and if its genuineness is denied, he has to take all the evidence tendered by those who support as well as by those who contest the will. It the Sub-Registrar comes to the conclusion that the will is not genuine, and refuses to register the document, an appeal lies to the Registrar under section 73 of the Act. The Registrar is empowered under sections 74, 75 and 76 to summon the witnesses and hold an inquiry *de novo* or to come to a decision on the evidence recorded by the Sub-Registrar. If the Registrar also refuses to order the registration of the document, the party concerned can institute a civil suit, where again the whole of the evidence comes under review. A good deal of time and money is now wasted in inquiries before the Sub-Registrar and the Registrar in regard to questions relating to the execution of wills and the litigating parties and witnesses are harassed by being dragged to Courts on three different occasions regarding the same transaction. The inquiry before the Sub-Registrar in regard to this class of transactions is not of the same thorough-going character as a trial before a Civil Court where the rules of evidence are carefully observed by a trained judicial officer. The tendency of the litigants has been not to accept the decisions of the Sub-Registrar and the Registrar but to take the matter to a Civil Court for final decision.

In these circumstances, it is proposed in the present Bill that, where the will or the authority to adopt is tendered for registration after the death of a testator or the donor the Registrar or the Sub-Registrar should refuse the registration of the documents if their genuineness is denied by any party interested therein and that the registering officer should await the decision of a Civil Court and should take action under sections 74 and 75 in accordance with the result of the suit.

3. Opportunity has also been taken to amend the sections of the Act relating to the deposit of wills. A testator is now obliged to go all the way to the district headquarters to deposit a will with the Registrar. The present arrangement by which wills can be deposited only with a single officer in each district is obviously inconvenient, and the provisions of the Act regarding the deposit of wills have not been much availed of. It is therefore proposed in the Bill to empower Sub-Registrars also to receive deposits of sealed packets containing wills. There has been a general improvement in the quality of the officers of the Registration Department and there is no reason now why this power should not be extended to Sub-Registrars. In any event under the provisions of the Bill the testator will have the option to deposit a will with the Registrar or with the nearest Sub-Registrar.

4. There is no provision in the principal Act for the withdrawal or transfer of an inquiry from a registration officer when a suitable case for transfer or withdrawal is made out. The registration of the various kinds of documents involve very serious

consequences and may cause sometimes considerable pecuniary loss or gain to individuals. Allegations of prejudice, corruption, and partiality are sometimes made against individual officers of the department and requests for transfer of inquiries from the file of some of these officers have been made to the controlling officers. But there is no provision in the Act empowering the District Registrar to transfer an inquiry from the file of one Sub-Registrar to that of another. There is no provision in the Indian Registration Act analogous to section 24 of the Code of Civil Procedure in regard to transfer of suits from one Court to another. The present Bill removes this defect and gives authority to the Registrar to transfer or withdraw any inquiry or to transfer the same from one Sub-Registrar to another in the district and the same power is given to the Inspector-General in respect of proceedings pending before the Registrar.

## STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to continue certain provisions of the Indian Finance Act, 1925, which would otherwise cease to have effect from the 1st April 1926, to repeal the Cotton Duties Act, 1896, and to provide for the appropriation of the share of British India in the Dawes Annuities to the reduction or avoidance of debt.

2. Clauses 2, 4 and 6 provide for the continuance of the rates of salt duty, postage, income-tax and super-tax prescribed by the Indian Finance Act, 1925, while clause 5 provides for the credit to revenue for a further period of one year, *i.e.*, till the 31st March 1927, of interest on securities, forming part of the Paper Currency Reserve.

3. Clause 3 repeals the Cotton Duties Act, 1896, and provides, in the case of export by sea, for repayment of drawback of the duty paid as if the Act had remained in force.

4. Clause 7 provides for the balance of the share of British India in the annuities payable by Germany under the London Agreement of 1924 remaining after payment to private persons and local bodies as reparation for damage due to enemy action, being applied for reduction or avoidance of debt. The amounts are uncertain and fluctuating in character and represent recovery of expenditure that may be presumed to have been originally met out of borrowed funds and the capitalised value of certain pension payments.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st March, 1926 :—

No. 33 OF 1926.

*A Bill to provide for the regular submission of returns of quantities of cotton goods and cotton yarn produced in British India.*

WHEREAS it is expedient, notwithstanding the repeal of the Cotton Duties Act, 1896, to provide for the regular submission of returns of the quantities of cotton goods and cotton yarn produced in British India ; It is hereby enacted as follows :— II of 1896.

Short title and extent.

**1.** (*1*) This Act may be called the Cotton Industry (Statistics) Act, 1926.

(*2*) It extends to the whole of British India.

Definition

**2.** For the purposes of this Act, unless there is anything repugnant in the subject or context,—

(*a*) "cotton goods" or "goods" includes all tissues and other articles (except yarn and thread) woven, knitted or otherwise manufactured wholly or partly from cotton yarn ;

(*b*) "cotton yarn" or "yarn" means yarn wholly or partly composed of cotton fibres ;

(*c*) "mill" means any building or place where cotton goods are woven, knitted or otherwise manufactured, or where cotton yarn is spun, by machinery moved otherwise than by manual labour, and includes every part of such building or place ;

(*d*) "owner", in relation to any mill, includes the managing agent or other principal officer of the mill ;

(*e*) "prescribed" means prescribed by rule made under this Act ; and

(*f*) goods shall be deemed to be produced when they are issued out of the premises of a mill, or, in the case of any mill in respect of which the Governor General in Council has so directed, when the goods are issued out of the weaving section or sections of the mill.

Delivery of monthly returns of goods produced by mill owners.

**3.** (*1*) The owner of every mill shall each month prepare and deliver, or cause to be prepared and delivered, to the prescribed officer a return of all the cotton goods produced from or in, and of all cotton yarn spun in, the mill during the preceding month by machinery moved otherwise than by manual labour, and shall subscribe a declaration of the truth of the return at the foot thereof.

(*2*) Save as may be otherwise prescribed, every such return shall state, in respect of each description of goods and of yarn, the quantity produced during the period to which the return relates, and shall contain such further information, and be in such form and be subject to such conditions as to verification and otherwise, as may be prescribed.

(3) Every such return shall be delivered to the prescribed officer or posted to his address within seven days after the end of the month to which it relates.

Power to inspect mills and take copies of records.

**4.** (1) Any officer authorised by the Local Government by order in writing in this behalf shall have free access at all reasonable times during working hours to any mill and may at any time, with or without notice to the owner, examine and take copies of, or extracts from, the records of the mill for the purpose of testing the accuracy of any return made under section 3, or of informing himself as to any particulars regarding which information is required for the purposes of this Act or any rules made thereunder :

Provided that no officer not especially empowered by the Local Government in this behalf shall be entitled to inspect any record containing the description or formulæ of any trade process.

(2) All copies and extracts and all information acquired by any officer in the inspection of any mill under this section shall be treated as strictly confidential.

Publication of returns

**5.** The Governor General in Council shall, from the returns delivered under section 3, cause to be compiled and published, in such form as he may direct, statements showing for each month the total production of goods and yarn in mills in British India.

Power to make rules.

**6.** (1) The Governor General in Council may, by notification in the Gazette of India, make rules consistent with this Act to carry out the purposes thereof.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may provide for all or any of the following matters, namely :—

(a) the form of any return required under this Act, the particulars to be contained therein, and the manner in which the return shall be verified ;

(b) the nature of the records to be maintained by the owners of mills ;

(c) the powers and duties, in regard to the inspection of mills under this Act, of the officers authorised to make such inspections ; and

(d) any other matter which may be or is to be prescribed.

Penalties.

**7.** (1) Any person who—

(a) knowingly falsifies any record or book of production kept in a mill, or

(b) being required to deliver a return under section 3, knowingly delivers a false return, or

(c) omits to make any return required by section 3, or refuses to sign or complete the same, or

(d) knowingly does any act, not otherwise punishable under this Act, in contravention of the provisions of any rule made under this Act,

shall be punishable with fine which may extend to five hundred rupees.

(2) Any person who discloses any particulars or other information acquired by him in the inspection of any mill under this Act shall be punishable with fine which may extend to one thousand rupees :

Provided that nothing in this sub-section shall apply to the disclosure—

(*a*) of any such particulars or information for the purpose of a prosecution under section 193 of the Indian Penal Code or under this Act, in respect of any return kept or record made for the purposes of this Act, or XLV of 1860.

(*b*) of any such particulars or information to any person acting in the execution of any duty imposed upon him by this Act, where the disclosure is necessary for the purposes of this Act.

Exemption.

**8.** The Governor General in Council may, by notification in the Gazette of India, exempt from the operation of this Act or of any specified provision thereof any mill or class of mills, or any goods or class of goods, specified in the notification.

Protection for acts done under this Act.

**9.** No suit or other legal proceeding shall be instituted against any person in respect of anything which is in good faith done or intended to be done under this Act.

## STATEMENT OF OBJECTS AND REASONS.

The Cotton Duties Act, 1896, provides, in addition to the collection of the duty, for the submission of returns of the quantities of cotton goods produced in mills in British India. These statistics of production have been systematically compiled for the last 30 years, and have proved of great assistance in studying the development and vicissitudes of the industry.

2. It is proposed to repeal the Cotton Duties Act of 1896 by a clause in the Finance Bill, and unless the preparation and submission of these statistical returns are provided for by another Act, there will be a break in the continuity of these useful statistics.

3. The Bombay Millowners' Association have been consulted and are in favour of the continuance and preparation of these returns for quantities of yarn and cotton goods manufactured in India.

4. It is, therefore, proposed to render compulsory the preparation and submission of such returns by a Cotton Industry Statistics Bill. This Bill will be proceeded with *pari passu* with the Finance Bill.

### LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st March, 1926 :—

### No. 34 OF 1926.

*A Bill further to amend the Indian Divorce Act.*

WHEREAS it is expedient further to amend the Indian Divorce Act, for the purpose hereinafter appearing ; It is hereby enacted as follows :— IV of 1869.

Short title.

**1.** This Act may be called the Indian Divorce (Amendmend) Act, 1926.

Amendment of section 2, Act IV of 1869.

**2.** In section 2 of the Indian Divorce Act, for the words "except in the following cases :—(*a*) where the marriage shall have been solemnized in India ; or (*b*) where the adultery, rape or unnatural crime complained of shall have been committed in India ; or (*c*) where the husband has" the following shall be substituted, namely :—

"except in cases where the parties to the marriage are domiciled in India at the time when the petition is presented, and –

(*a*) the marriage has been solemnized in India ; or
(*b*) the adultery, rape or unnatural crime complained of has been committed in India ; or
(*c*) the husband has".

### STATEMENT OF OBJECTS AND REASONS.

The Indian Divorce Act purports to give power to certain Courts in British India to pass decrees of divorce *a vinculo matrimonii* in certain circumstances where the persons concerned profess the Christian religion and reside in India. The President of the Probate Divorce and Admiralty Division of the High Court of Justice in England in the case of Keyes *vs.* Keyes and Gray held that this power did not extend to the granting of such decrees if the parties were not domiciled in India. By the Indian Divorce (Validity) Act, 1921 (11 and 12 Geo. 5, C. 18), decrees of divorce granted under the Indian Divorce Act and confirmed or made absolute under its provisions were validated even though the parties were at the time of the commencement of the proceedings domiciled in the United Kingdom if the proceedings had commenced before the passing of that Act. The question of the powers of the Courts in India to grant these decrees has, however, since been raised in various High Courts in India in the case of proceedings commenced after the passing of that Act, and the High Courts have held different views as to their powers to grant decrees of divorce *a vinculo matrimonii* between parties where the husband was admitted to be domiciled in England at the time when the proceedings commenced. The Lahore High Court, for example, in the case of Lee *vs.* Lee held that they had the power to pass such a decree which would be valid in British India, that is to say, the Courts in certain Provinces in India are still granting such decrees though it is clear that the decrees will not be recognised as valid by the Courts in England. The Bill proposes definitely to restrict the powers of the Courts in India to grant such decrees to cases in which the parties are domiciled in India at the commencement of the proceedings.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Third Forecast of the Wheat Crop of Bengal, 1925-26.

(NOTE.—On an average of the five years ending 1923-24, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India, and (*b*) in the territory now reported on has, in the five years ending 1923-24, averaged (*a*) 42·2 and (*b*) 14·7 per cent., respectively.)

**Character of the season.**—Since the issue of the second forecast in February last, the outturn has considerably been reduced in the important districts of Malda and Murshidabad, owing to drought in the former and cloudy weather and untimely rainfall in the latter. Damage by hail is also reported from places. In the lesser districts of Midnapore, Jalpaiguri, Mymensingh and Faridpur the crop has somewhat improved by the showers of early March. On the whole a fair crop is anticipated.

**Acreage.**—According to the District Officers' estimates, the total area sown is 130,400 acres this year as against 126,200 and 126,400 acres reported respectively in the corresponding and final forecasts of last year.

**Outturn.**—The provincial outturn, as worked out from district estimates, is 70 per cent. of the normal as against 79 and 64 per cent., respectively, in the corresponding and final forecasts of last year.

Taking the normal yield to be 8·1/3 maunds per acre, the gross yield of the crop for the province is estimated at 27,900 tons this year as against 30,500 and 24,800 tons reported respectively in the corresponding and final forecasts of last year.

## MARINE DEPARTMENT.

### NOTIFICATIONS.

*No. 60Marine.—The 23rd April 1926.*—It is hereby notified for general information that under the provisions of section 11 of the Chittagong Port Act, 1914, the resignation tendered by Mr. B. J. Corcoran of his office of Commissioner for the Port of Chittagong is accepted.

*No. 61 Marine.—The 27th April 1926.*—The following rules which have been framed by the Government of Bengal to regulate the conduct of examinations of seamen for Certificates of Efficiency as Lifeboatmen are published for general information :—

**1.** Arrangements have been made by the Government of Bengal at the Port of Calcutta by which on application to the Port Officer of Calcutta seamen may be examined on boardship in the Kidderpore Docks for Certificates of Efficiency as Lifeboatmen.

**2.** Candidates for examination must comply with the following conditions. All officer ratings (Engineers, Surgeons, Pursers, etc.) must have been at sea at least six months.

Ordinary seamen and other deck ratings must have been at least one year at sea and be not less than 18 years of age. Stewards, firemen and other candidates must have been at least two years at sea and be not less than 20 years of age. Lascars and Indian stewards (other than Goanese) may be examined provided they comply with the foregoing conditions as regards age and service and the examiner is satisfied as to their physical fitness.

**3.** Where a shipping company or shipowner desires members of a crew to be examined the responsibility for getting the men's applications made and getting the men together will rest with the company or owner. The number of men presented for examination on each occasion should be arranged with the Port Officer, but in no case can fewer than ten men be dealt with at one examination. The forms of application for examination together with a fee of two rupees with each form and each man's discharge book or continuous discharge certificate should be lodged with the Port Officer who will arrange a convenient time and place for the examination to take place and the number of men to be dealt with at one time.

**4.** At the appointed time and place the examiner will proceed with the examination after satisfying himself that each seaman presented for test is one in respect of whom a form of application has been received and after identifying the man by the particulars in his discharge book or certificate.

**5.** The boat selected for examination purposes should be a Class IA Lifeboat as described in the Life Saving Appliances Rules, equipped as prescribed by those rules.

**6.** Each candidate will be required—

(*i*) To take part in the swinging out and lowering of the boat and getting the boat away from the ship.

(*ii*) To pull and steer, and act as coxswain when the boat is afloat.

(*iii*) To know the details and use of the equipment, including compass and sails.

(*iv*) To understand the orders commonly used during the operation of getting a boat away. (For explanation of these orders see suggested order of boat drill appended hereto.)

**7.** In the examination the procedure of getting the boat ready for lowering should be repeated at least three times. Each candidate in the examination is to act as one of the lowerers; this may be arranged by lowering the boat by stages, instead of the complete lowering the boat being effected with two men only acting as lowerers.

**8.** Candidates must muster in life-jackets which should be worn throughout the examination unless the examiner, at his discretion, allows them to be dispensed with during a portion of the examination.

**9.** The lowering of the boat should be under the supervision of a ship's officer or a responsible person appointed by the owner. Government do not accept responsibility for any accident which may occur in the course of the examination.

**10.** After the examination each candidate's application will be duly completed and in cases where the report is satisfactory a certificate of efficiency will be granted by the Port Officer, Calcutta, and the candidate's discharge book endorsed to that effect. The certificate may be either issued direct to the seamen or through the agent or master who forwarded the application for examination.

**11.** The appended order of boat drill has been prepared for the guidance of masters and officers, but the examiners will not necessarily follow this order.

**12.** The Port Officer, Calcutta, will be responsible for the conduct of the examination and for maintaining its standard. He will appoint as examiner either a competent officer of his staff or a marine superintendent of a shipping company, being a certificated master mariner.

**13.** Applications for examination will be received by the Port Officer, Calcutta.

**Suggested order of boat drill for the guidance of masters and officers.**

1. The boat's crew fall in standing in single line with life-jackets on, facing the boat, the coxswain being abreast of the stern post, the bowman at the stem, and the lowerers opposite the falls.

2. Whilst in this position they are instructed in, and questioned as to their knowledge of, the details of the boat, its equipment and management, and of the disengaging gear, if any, fitted to the boat.

3. **Clear Away.**—At this order the coxswain takes charge.

Lowerers see that the falls are properly made fast and clear for running.

The covers are removed.

The stroke oarsman ships the plug, the bowman passes the painter out, the remainder of the crew let go the gripes (outboard gripes first), see the falls, chocks, and guys clear, and the boat ready for swinging out.

The crew with the exception of the stroke oarsman and bowman then return to their former positions.

4. **Swing Out.**—At this order the boat is swung out as quickly as possible, the guys (if any) are secured, the painter is passed along to a suitable position and the rudder shipped. The boat is then lowered to a position suitable for the embarkation of passengers or crew.

Before the boat is lowered the operation of swinging out should be conducted several times in order to improve the crew's efficiency in this preliminary work.

5. **Still, Carry On, Lower Away.**—The order "Still" is given when through some misunderstanding or accident or for the purpose of instruction it is necessary to suspend operations. At this order each

man stops what he is doing and retains his position. If the order "Still" is given whilst the boat is being lowered the lowerers immediately take an extra turn with the falls or belay them. The order "Carry On" means that operations should be resumed. At the order "Lower Away" the boat is lowered. It is desirable that each man in the boat's crew should act in his turn as one of the two lowerers.

6. When the boat is near or in the water, the crew, except those lowering, take their places in the boat, unhook her when waterborne, ship the crutches, and toss the oars.

7. As soon as the last two lowerers embark, the bowman hauls in the painter, and the practice afloat commences.

8. Each oarsman should be required to take turn in steering and giving orders such as "Pull Starboard", "Back Port", "In Bow", etc., also in assisting to set the sail, float the anchor, and bring the boat alongside.

(*b*) "Military class" (only students of European or Anglo-Indian parentage are admitted to this class). (*See* separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (*a*) "Regular class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz., in English, Physics, Chemistry and Botany.

3. The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on 5th October and closes on the 31st March.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office on or before the 25th May, together with a fee of Rs. 4, which will not be refunded on any account except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province. The candidate from Manipur will be nominated by the Manipur State.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

| | Rs. |
|---|---|
| Admission fee ... ... ... ... | 25 |
| Fees for Summer term ... ... ... | 100 |
| Athletic Club fee ... ... ... ... | 4 |
| Total ... | 129 |

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, six candidates by the Inspector-General, Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. One candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 100 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 200 for the year in which they hold such scholarships.
